-

(Please describe the use of the funds reported above)

In the box below please report any County/Municipal Bond Proceeds received by the facility

-

(Please describe the use of the funds reported above)

From SB71: A health care facility's or third-party health care provider's report to the department shall include:

1

The number of indigent patients whose health care costs were paid directly from the funds described in Subsection A of this section and the total amount of funds expended for these health care costs

Input number of Indigent Claims	5.00
Input number of Medicaid Claims	9,159.00
Input number of Medicaid patients served (patient with multiple visits would be counted once)	2,533.00
Total Patients Reported Above (formula)	2,538.00

Populate the table below utilizing your cost report that ends in calendar year 2022, and claims data for the **Indigent** patients included in the figure in section 1 of this tab.

	Cost to charge ratio	Charges	Calculated Costs
Cost of care related to portion of bill for insured patients qualifying for indigent care			\$ -
Direct cost paid to post acute care providers on behalf of patients qualifying for indigent care			\$ -
Total Costs From Table Below			18,317,945
Total Costs for Indigent Care (sum of F22, F23 and F25)			18,317,945

From SB71
Section 8.B.(2)

As applicable, the health care facility's estimated annual amount and percentage of the health care facility's bad debt expense attributable to patients eligible under the health care facility's financial assistance policy and an explanation of the methodology used by the health care facility to estimate this amount and percentage.

In the box below, please report the amount of bad debt expense attributable to patients that are eligible for the facilities financial assistance program

1

What percentage of total bad debt expense is represented by the amount reported above?

2

In the space provided below, please explain the methodology used to create the estimates reported in boxes 1 and 2

MCMC offers financial assistance through a policy that allows patient discounts on income up to 200% of US poverty guidelines. It is almost impossible to accurately determine the bad debt expense attributable to patients that are eligible for the facilities financial assistance program as very few patients are willing to apply for financial assistance or provide household income. The poverty level in Colfax County is 18.8%. We estimate the bad debt percentage from patients eligible for financial assistance to be at least 75% of the total bad debt.
